Dear Madam/Sir,

Please find attached the questioner with information from Norway.

We also attach our report decaBDE in waste BiPRO final report. This report can be used for input, especially but not exclusively, on questions 3-8.

Please also consider the usefulness of information in the draft basel technical guideline on PBDEs that is currently being developed by the same consultants.

Best Regards,

Christel Moræus Olsen

Senior advisor, Chemicals and Waste Department, Section for Biocides and Declaration of Chemicals
